Amazon Sales Tax

Starting February 1, 2015, Amazon began charging sales tax on purchases made by Illinois customers. As a non-profit organization, ISU purchases are exempt from sales tax.

To obtain tax exempt status in Amazon, please click on the link below and follow the attached instructions. The tax exemption letter can be obtained by contacting the P-card Administrator.

As with any P-Card purchase, if taxes are charged, you are responsible for contacting the vendor for a credit back to your account

NOTE:

The University’s exemption letter and the University’s tax exemption number may be used only for authorized University business purposes. Personal or other unauthorized use of the tax exemption number or letter by any person may constitute a crime and may result in disciplinary or legal action.

Tax Exempt request
After requesting the ISU tax form from your P-Card Administrator, upload the document online either from the "Amazon Tax Exemption Program" link in Your Account (www.amazon.com/your-account) under the Settings section, or by using the following link:

https://tax-exemption.amazon.com/upload

Once Amazon receives your exemption certificate through the upload process from your account, your account for eligibility in the Tax Exemption Program will be reviewed.

Tax Credit Back

As with any P-Card purchase, if taxes are charged, you are responsible for contacting the vendor for a credit back to your account. For Amazon purchases, see the link below: http://www.amazon.com/gp/help/customer/displayhtml?nodeId=201133370

If you have questions, please call (8-3373) or email (sifish@ilstu.edu).

Welcome to the Amazon Tax Exemption Program

Many organizations qualify to make sales tax exempt purchases based on state law. The Amazon Tax Exemption Program supports sales tax exempt purchases from Amazon.com LLC, Amazon Digital Services, Inc., Warehouse Deals, Inc., or Amazon Services LLC. Please contact your tax advisor to determine if your purchases qualify for sales tax exemption. Learn about eligibility.

The Amazon Tax Exemption Tool will guide you through the process of enrolling in our program. At the start of the process you will be asked to select the states in which you qualify for sales tax exemption and the type of exemption for your organization. From there, you will be prompted to answer questions or upload documents specific to the sales tax exemption for which you qualify. If you need help with filling out the Amazon Tax Exemption tool, please use the Contact Us link to get in touch with us for assistance.

Business Customers: Current Amazon Business Account customers must click here to either modify their current ATEP account, or sign up for ATEP. Click here to learn more about Amazon Business Accounts.

The listing below shows the current status of your tax exemptions. If you have recently uploaded an exemption certificate, please allow 24 hours for Amazon to process your documentation. For newly created exemption certificates, allow 15 minutes for your tax exemption to become active.
